

# NEXTLIGHT™ COMMERCIAL

## Connect at the Speed of BUSINESS

For today's business, "good" isn't good enough. It's all about being the best. That means the fastest internet speed. The greatest value. It means the reliability that lets a company perform at the top of its game every time without fail. And in Longmont, all of that means NextLight. Nothing else even comes close.

## BROADBAND

The fastest ISP in the nation, NextLight offers your company unbeatable speed with no contracts. Our gigabit connections mean high-capacity files can cross the country without a stutter.

## PHONE

Enjoy crystal-clear telephone service with unlimited local and nationwide calling. You'll also get affordable international rates, voice mail, and two and three-year term discounts, with options for analog phone lines, hosted PBX, and SIP (PRI) trunks. All focused on your company's needs.

## CUSTOMER-FOCUSED

NextLight is Longmont-based and community-owned, meaning that every dollar spent on your fiber connection supports your community. That means a better business environment for everyone – and better business for you.

# Plug into Colorado's first Gig City

Communities across the country are looking to the fiber-optic solution because it gives their businesses exactly what they need – a way to move massive amounts of data rapidly, with complete reliability. And at every level, NextLight provides a combination of price and quality that simply can't be matched.
